

## 2009 Member Surname Index

The Member Surname Index is published periodically by the Johnson County Genealogical Society in its quarterly publication, the *Genealogist*, and is displayed continuously on the society's web site in hope it will be seen by someone researching the same person. Each active member is entitled to 10 entries. Family memberships are entitled to a total of 20 entries. In addition to the event data, the published index will include instructions to e-mail the *Genealogist* Editor with a request for contact. The request will be forwarded to the member to decide whether or not to make the contact. No names or address will be published.

A listing is one event at one time for one individual in one location. Events should be birth, marriage, death or resided and each listing should show one individual only. If you wish to show two persons being married, you should show the same marriage on two lines, each showing one of the individuals. The editor reserves the right to make edits for clarity. If you have questions contact Ken Leonard at [KenL1945@earthlink.net](mailto:KenL1945@earthlink.net).

**If you don't wish to make changes, do nothing. The current information will be republished. You should verify your current information at [www.JohnsonCountyKansasGenealogy.org](http://www.JohnsonCountyKansasGenealogy.org)**
